

# Directory of Behavioral Consultants

Prepared By

## Texas Association for Behavior Analysis Autism Special Interest Group

This Directory of Behavioral Consultants is a product of the Autism Special Interest Group of the Texas Association for Behavior Analysis. It is a collection of information regarding people who work as consultants for applied behavior analysis interventions for children with autism and other pervasive developmental disabilities. This information was obtained by soliciting entries from persons who describe themselves as functioning in that role. Invitations to provide this information were made in meetings of the Texas Association of Behavior Analysis (TxABA), at meetings of the TxABA Autism Special Interest Group, and at other presentations related to use of applied behavior analysis with persons with Autistic Spectrum Disorder, plus persons known to be working as behavioral consultants were personally invited to provide information. The only restriction on inclusion was that the person or organization included in the entry have an ongoing base of operation in the region served by TxABA (i.e., Texas, Oklahoma, Louisiana, and New Mexico); persons or organizations based out-of-state but consulting in the TxABA region were not included. Information regarding contact persons or organizations in the latter category can be obtained from organizations such as the Families for Early Autism Treatment (FEAT), particularly their website.

This directory provides the information as submitted after retyping for uniformity in format and ease of reading, without editing. The list is provided to people requesting information about persons who provide such services. **Neither Texas Association for Behavior Analysis nor the TxABA Autism Special Interest Group indicates endorsement or evaluation of persons included on the list.**

Entries are arranged alphabetically for each of the areas of Louisiana and Texas from which entries were received.

Submission of additional entries is invited. Correspondence regarding this directory can be directed to the TxABA office (TxABA, University of North Texas, Department of Behavior Analysis, P.O. Box 310919, Denton, TX, 76203; phone- 940 565-2274) or website ([www.unt.edu/behv/txaba](http://www.unt.edu/behv/txaba)), to one of the co-chairs of the TxABA Autism Special Interest Group, Carla Edwards ([cedwards@behavioral-innovations.com](mailto:cedwards@behavioral-innovations.com)) & Christie Enzinna ([Christie.Enzinna@texanacenter.com](mailto:Christie.Enzinna@texanacenter.com)), or to the preparer of the Directory, Gordon Bourland (see entry below).

**Office:** 300 E. McNeese St., Suite 3-A, Lake Charles, LA 70605

**Telephone Number:** 337-474-7090 (ph); 337-474-7079 (fax); 337-526-8158

**Email:** kathy52@camtel.net

### **Relevant Education, Credentials, and Experience:**

- Master's Degrees: U. of Kansas & Middle Tenn. State U.
- Board Certified Behavior Analyst,
- Licensed Professional Counselor in Louisiana & Texas;
- Licensed Marriage and Family Therapist in Louisiana;
- My experience in behavior analysis/psychology/and mental health spans across twenty plus years. Most of my experience has been working with individuals with disabilities both adults and children with an emphasis in the area of developmental disabilities and autism.

### **Other Relevant Information:**

I am an in-network provider on most managed care, insurance and EAP companies under my LPC and LMFT licenses. As well, I am accepted by TRICARE as a behavior analyst.

**Consultant:** Janice Huber, BCBA

**Address:** 4215 Beau Chene, Lake Charles, LA, 70605

**Telephone Number:** (337) 526- 5231

**Email:** hhh4325@suddenlink.net

### **Relevant Education, Credentials, and Experience:**

I have a master's degree in Counseling from Louisiana State University and have completed graduate coursework in applied behavior analysis through the Department of Behavior Analysis at the University of North Texas. I received supervised experience in behavior analysis from a doctoral-level BCBA. I am a Board Certified Behavior Analyst. I have engaged in applied behavior analysis since 2003. Services provided include: pre-intervention assessments (including usage of the ABLLS), development of comprehensive ABA interventions, family and instructor training, program monitoring and revision, school consultation, development of interventions for specific skill instruction or problematic behavior intervention.

### **Other Relevant Information:**

Both home-based and center-based interventions are provided. We provide services to school-aged children. We work primary, but not exclusively, with persons with Autism Spectrum Disorders. Our work emphasizes positively-oriented interventions. Our interventions address many types of behavior including verbal behavior, social interaction, play and leisure skills, daily living activities, pre-academic repertoire, classroom skills, academic skills, and problematic behaviors. All persons providing services under our supervision are trained in basic principles and procedures of behavior analysis and receive routine monitoring by a Board Certified Behavior Analyst. On occasion, group-based interventions are provided.

**TEXAS: ABILENE AREA**

**Company Name:** Southwest Center for Applied Behavior Analysis

**Consultant:** Robert W. Ricketts, M.S., BCBA

**Address:** 1150 Estates Drive, Suite A, Abilene, TX, 79602

All directors at Behavioral Innovations, Inc. have obtained a Masters of Science degree in Applied Behavior Analysis with a specialization in Autism from the University of North Texas. In addition, each service provider is a Board Certified Behavior Analyst (BCBA). Behavioral Innovations is an active member of Texas Association for Behavior Analysis (TxABA), TxABA Autism Special Interest Group, and the Association for Behavior Analysis (ABA). Behavioral Innovations, Inc. currently has 5 BCBA's on staff, and offers various Board Certification supervision opportunities.

**Other Relevant Information:**

Behavioral Innovations, Inc. is a private corporation that provides services consistent with the principles of Applied Behavior Analysis (ABA), to families of children with special needs or behavioral deficits, and school districts or regional centers. Our team designs individualized programs to meet each child's unique needs through center-based, consultative services or a combination of the two. Children who participate in our Treatment Center are guaranteed a specific number of therapy hours as well as regular and frequent case monitoring by the center's directors. Treatment Center Services Include:

- Full or part-time enrollment
- One-to-one therapy sessions
- Behavioral skills assessments
- Program development
- Parent training
- Play-dates
- Play groups
- Daily monitoring of child progress
- Daily therapist training
- Children who participate in our consultative services receive treatment/program development and monitoring as well as the training necessary to assist parents in managing the prescribed programs in their home setting.

- Consultative Services Include:
- Behavioral Skills assessments
- Program development
- Parent training
- Therapist training
- Staff and School personnel training
- ARD meetings
- Treatment and program evaluation
- Development and monitoring of a comprehensive data collection system
- All services are consistent with the New York State Guidelines for Clinical Practice for Autism/  
Pervasive Developmental Disorders.

**Company Name:** Behavior & Education Specialists of Texas, LLC (B.E.S.T.)

**Consultant:** Regan Roth Fitzgerald, M.Ed., BCBA, President

**Telephone Number:** (972) 742-0807

**Email:** reganroth@bestaba.com

**Website:** www.bestaba.com

**Relevant Education, Credentials, and Experience:**

Masters in Education with an autism intervention certificate from the University of North Texas and a bachelors degree in Psychology and Spanish from The University of Texas at Austin. Autism specialist and behavior analyst for Garland Independent School District. A Board Certified Behavior Analyst. Past work experience includes in-home programming in California and Texas, inclusive preschools that center around ABA, and public school district work

**Other Relevant Information:**

**Consultant:** Gordon Bourland, Ph.D., BCBA

**Company Name:** Trinity Behavioral Associates

**Address:** P.O.Box 173486, Arlington, Texas, 76003

**Telephone Number:** (817) 563-1966

**Email:** gbourland2@sbcglobal.net

**Relevant Education, Credentials, and Experience:**

I received a Ph.D. in Psychology from the University of Texas at Arlington, with emphasis in behavior analysis. Subsequently, I was a Post-doctoral Fellow in Pediatric Psychology in the Department of Behavioral Psychology of John F. Kennedy Institute of The Johns Hopkins University School of Medicine. I have over 25 years of experience in applied behavior analysis with people with developmental disabilities. I have participated in numerous research and evaluation projects, resulting in numerous professional presentations and publications. I am a Board Certified Behavior Analyst and am a former president of the Texas Association for Behavior Analysis.

**Other Relevant Information:**

I develop and oversee a number of in-home aba programs for children with autism and PDD as well as other variations of Autism Spectrum Disorder. Typically, this work is done in the child's home; consultation and training at other sites are available. Additionally, I provide behavior analytic services for other populations (dealing with older children, adolescents, and adults as well), including work primarily addressing problematic behaviors. The emphasis in my work is on using positive reinforcement to develop functional, socially-valued behaviors, especially verbal behavior. Services provided are consistent with the New York State Guidelines for Clinical Practice for Autism/ Pervasive Developmental Disorders.

**Company Name:** The Child Study Center

**Consultant:** Anthony Cammilleri, Ph.D., BCBA, Duy D. Le, M.S., BCBA

**Address:** 1300 W. Lancaster, Fort Worth, TX, 76102

**Telephone Number:** (817) 390- 2823

**Email:** BA@cscfw.org

**Relevant Education, Credentials, and Experience:**

Anthony Cammilleri, the school director, is a formally trained behavior analyst, who received his doctorate from the University of Kansas under the tutelage of some of the pioneers in the field of applied behavior analysis. Duy earned a master's degree in behavior analysis from the University of North Texas and is certified by the Behavior Analyst Certification Board. They both have experience working with individuals with developmental disabilities and their families

**Other Relevant Information:**

In addition to the behavior analytic services, the Child Study Center also offers comprehensive diagnostic, treatment and educational services for children and adolescents with developmental disabilities and learning differences.

**Company Name:** DFW Center for Autism

### **Relevant Education, Credentials, and Experience:**

Ms. Hughes (Executive Director) founded Autism Consulting Services to serve the needs of families in South Texas and has over 11 years experience working with children with autism spectrum disorders and other developmental disabilities. Ms. Hughes holds a Master of Arts degree in Applied Behavior Analysis (ABA) from The Ohio State University in Columbus, Ohio and is a board certified behavior analyst (BCBA). Ms. Hughes has worked as a supervisor of in-home ABA programs, behavior consultant for children receiving early intervention services, and has served as coordinator of behavior services for a private agency serving the Denver, CO metro area. While living in Denver, Ms. Hughes served as adjunct faculty and taught an introductory course on applied behavior analysis at Metro State College of Denver. Prior to founding Autism Consulting Services, Ms. Hughes served as workshop coordinator and educational consultant for Behavior Analysts, Inc., working under the supervision of Dr. James Partington, providing trainings and clinical services focusing on teaching language and learning skills to children with autism.

### **Other Relevant Information:**

Autism Consulting Services is a behavioral consulting company dedicated to providing professional, evidence-based behavior services to children with autism or other developmental disabilities. We specialize in providing educational services for the development of language and other critical learning skills necessary for students to benefit from instruction and acquire new skills without the need for intensive instruction. In other words, we teach children to "learn to learn" from their everyday activities they encounter in the natural environment. We provide a variety of services for children and their families in South Texas. Also, we provide on-site consultation to school districts, private schools, and centers around the country. We offer a variety of workshops and small group trainings for those individuals interested in learning more information about applied behavior analysis (ABA) and teaching language and learning skills to children with language delays, using a verbal behavior approach.
