Undergraduate Admission Requirements through Summer II 2001

The State of Texas requires, through the Texas Academic Skills Program (TASP), that all undergraduate students take a test over reading, writing and mathematical skills prior to enrolling for college-level credit at Texas public institutions, unless the students meet the Texas Higher Education Coordinating Board's exemptions in accordance with Texas law (Texas Education Code, S.501.306).

By state law, failure to take the TASP test will prevent the student from enrolling in collegiate level courses. Students will be placed in remediation for any section failed. Students who have not passed all sections of the TASP test may not enroll in upper-division courses where the completion of such courses would give the student 60 or more semester credit hours. Enrollment in lower division courses is allowed. For additional TASP information, call the UNT TASP Office at (940) 565-4403. The TASP test cannot be used in admissions decisions at UNT, but is necessary for adequate preregistration advising.

Notes for use with Undergraduate Admission Requirements through Summer II 2001

1 UNT applicants should take entrance exams at least two months before admission deadline date. See your high school counselor for information. The SAT score requirements shown above reflect the April 1, 1995, recentering of the SAT I by The College Board.

2 A **transient student** is an undergraduate student who enrolls at UNT for one long semester only (fall or spring). A **summer visiting student** is an undergraduate student who enrolls at UNT for either or both summer terms with the intent of returning to the home institution upon completion of summer studies. If a transient (or visiting summer) student decides to continue at UNT after the first semester, the student must meet all normal admission requirements. Because of federal laws and immigration requirements, international students are not eligible to enroll at UNT as transient students. (Summer visiting students must reapply each summer that enrollment is sought.)

3 A **former student** is one who has not attended UNT during at least one of the last four consecutive semesters immediately preceding the intended semester of enrollment. **Continuing students** (those who have been officially enrolled at UNT at least once during the 12 consecutive months **prior** to the semester of planned enrollment and/or have not received a degree during the same period) are not required to reapply. Students who have taken correspondence or extension courses must reapply for admission as former students.

4 Pursuant to Subchapter S, Chapter 51, Texas Education Code, all state universities that did not have open admissions for undergraduates were required to revise their admission policies for new freshmen, effective with the 1998 fall semester. The University of North Texas Board of Regents approved the above policy for the admission of new freshmen for the 1998 fall semester and beyond. Students who do not meet the requirements for automatic or regular admission should refer to the section titled "Admission by Individual Review" in the *Undergraduate Catalog* for more information.
