University Courses

University Courses, UCRS

2100. Career Development. 1 hour. Course assists undecided majors and others who wish to clarify their career goals in exploring their interests, abilities and values, and in relating these to academic, personal and career choices. Pass/no pass only.

2900. Special Problems. 1–3 hours.

3150. Introduction to Research and Other Scholarly Activities. 2 hours. Basics of research and scholarship, to include critical thinking, elements of research, design, ethics, technical writing, computer technology, publication, application and professional presentation. Prerequisite(s): junior standing and admission to Ronald E. McNair Program. May be repeated for credit. Offered summer term only.

4000. Science in Ancient and Modern Times. 3 hours. Seminars, guest lecturers and readings addressing major advances in science from a technological, philosophical and historical prospective. (Meets with UCRS 5000.)

4200. Seminar in International Studies. 3 hours. (0;0;3) Seminar for advanced undergraduate students in any major; integration of elements of general education with students' major by examining the international dimensions of major field and how they relate to the entire undergraduate experience. Prerequisite(s): senior and/or consent of department.

4800. NT DC Internship. 1–6 hours. Practical experience in the American political process, learning how various Washington, D.C., entities formulate public policy and how other governmental agencies interact with the process. Provides students with insights into public life and the policy-making process by working in governmental, non-profit and private sector internship placements in our nation's capital. Prerequisite(s): open to students accepted

to the NT DC Cooperative Governmental Internship Program; application information available from the Student Development office.

4900. Special Problems. 1–21 hours.

Women's Studies

Women's Studies, WMST

2100. Women and Society: An Introduction to Women's Studies. 3 hours. Introduction to the multidisciplinary field of women's studies. Examination of diverse experiences of women and the significance of gender in U.S. society and culture, with a focus on factors such as race, class, age and sexual orientation. Topics include sex-role socialization, sexuality, violence against women, reproductive health, images of women in the media, women's religious authority, and the contemporary feminist movement. *Satisfies the Cross-Cultural, Diversity and Global Studies requirement of the University Core Curriculum.*

2420. Race, Class, Gender and Ethnicity. 3 hours. Social, cultural and economic perspectives on Native, African, Asian and Mexican Americans. Emphasizes work and family patterns for both women and men, racism and sexism and contemporary movements for equality. *Satisfies the Cross-Cultural, Diversity and Global Studies requirement of the University Core Curriculum.* (Same as SOCI 2010.)

2620. Biological Principles of Women's Health. 3 hours. Fundamental principles of modern biology discussed within the context of women's health. Provides a foundation in biological principles with specific emphasis on topics that address the understanding of women's physiology. Topics include human genetics, metabolism, reproduction, neural organization and sexuality. This is an introductory course; however, successful completion of an introductory course in biology at the high school or college level will be helpful. *Satisfies the Wellness requirement of the University Core Curriculum.* (Same as BIOL 1024.)

2900. Special Problems. 1–3 hours.

3520. Psychological Dynamics of Women. 3 hours. Comparison of personality and cultural factors associated with gender. (Same as PYSC 3490.)

3720. Women's Literature. 3 hours. Studies in literature written by or about women. May be repeated for credit as topics vary. (Same as ENGL 3924.)

4100. Varieties of Feminist Thought. 3 hours. Survey and assessment of feminist and womanist thought from the early 19th century to the present. Examination of feminist social and political philosophy, including writings by liberal, radical, Marxist/socialist, ecological and African-American thinkers. Attention given to controversial issues in feminist thought, including current debates about pornography, prostitution, abortion and new reproductive technologies. Prerequisite(s): WMST 2100 or consent of department.

4200. Contemporary Issues in Global Feminisms. 3 hours. Explores a range of contemporary women's issues from a transnational feminist perspective. Includes readings that offer both theoretical and strategic approaches to women's human rights issues, gendered law, cultural difference, legacies of colonialism, religious fundamentalism, economic globalization and women's roles in military conflict.
