

Tuition and Mandatory Fees

(Fees are Subject to Change)

The amounts shown below are provided to better assist students and parents in assessing the cost of enrolling at the University of North Texas (UNT). While this information is intended to be comprehensive, tuition, fees, room and board are subject to increase or decrease without notice by action of the Texas Legislature and/or the Board of Regents of UNT. Students are responsible for any additional amounts due UNT resulting from post audits and corrections, including all fees and waivers; i.e. registration assessing errors, changing from off-campus to on-campus classes, invalid employment waivers, etc. For current information on tuition and fees, see the UNT *Tuition and Fee Register* printed for the particular academic year in which enrollment is planned, or inquire in the Bursar's Office of the Controller's Office. The Bursar's Office is open from 8 a.m. to 5 p.m. Monday through Friday. Cashiers' windows are open from 8:30 a.m. to 5 p.m. Monday through Friday.

Students are responsible for payment of the following charges.

The UNT Board of Regents has been granted the authority, within established guidelines, to set graduate tuition rates by program. Tuition rates for all graduate level courses are \$26 per hour above undergraduate rates.

Graduate tuition for all graduate level courses (5000- and 6000-level courses) at UNT is \$26 per hour above the undergraduate rate. To calculate the costs for graduate-level courses (5000- and 6000-level courses), use the table below and then add \$26 multiplied by the number of hours to the total amount. For example, this makes the estimated minimum amount for graduate enrollment at UNT for 3 hours a total of \$367.90 for Texas resident tuition and mandatory fees during the fall or spring semester.

Undergraduate Tuition Rates

(Fees are Subject to Change)

Based on a 15-hour enrollment for two semesters, a Texas resident should expect to pay \$2,106.20 (plus instructional fees), and a nonresident should expect to pay \$8,466.20 (plus instructional fees). Special fees may be assessed for practice rooms or studios.

Graduate Tuition Rates

Explanation of Fees

(Fees are Subject to Change)

General Use Fees

General use fees are collected in proportion to the number of semester credit hours for which a student registers. These fees are used for the occupancy, services, use and/or availability of all or any university property, buildings, structures, activities, operations or other facilities.

Student Service Fees

Student service fees are assessed in proportion to the number of semester credit hours for which a student registers to cover the cost of student services that directly involve or benefit students, including, but not limited to, recreational activities, artist and lecture series, cultural entertainment series, debating and oratorical activities and student government.

Student Union Fee

A fixed student union fee is collected from each enrolled student for the purpose of operating, maintaining, improving and equipping the University Union. Activities financed by the student union fee are limited to those in which the entire student body is eligible to participate.

Computer Fees

Computer fees are collected in proportion to the number of credit hours for which a student registers to defray costs associated with the addition of student computer laboratories, development of the degree audit system and instruction-related activities in the Computing Center.

Medical Services Fee

The fixed medical services fee is used solely to provide medical services to students registered at the university.

International Education Fee

A fixed international education fee is collected from each enrolled student to be used in support of an international education financial aid fund. This fund allows an equal opportunity for all students to participate in student exchange and study abroad programs.

ID Card Fee

A fixed ID card fee is collected from each enrolled student to cover the costs associated with issuing student identification cards and developing and maintaining the access and privilege control system.

Publication Fee

A fixed publication fee is collected from each enrolled student to defray costs associated with publication and distribution of schedules of classes, catalogs, and other publications available to all students.

Property Damage Deposit

Each student who enrolls pays a property damage deposit that is refundable on request upon final withdrawal or graduation. If not claimed within four years after last enrollment date, the deposit is non-refundable. Refund request forms are available in the Bursar's Office.

Fees Related to Instruction

Instructional fees fall into three fee categories. Please note that for billing purposes, these fee categories are grouped together and billed as one instructional fee.

Instructional fees are due at the time of registration or the payment deadline for early registered students. These fees are refundable according to the university refund policy. If a student desires to know what portion of an instructional fee falls into each category listed below, they may contact the Bursar's Office at (940) 565-3225 or the Registrar's Office at (940) 565-2111.
