Public Service

- September 1997
Volunteer Clean-Up
Clean-up led by Walnut Ridge Baptist Church in Mansfield, TX. Included 15 people per group, choosing a piece of highway or large public recreational area and picking up the litter or any other waste in the area.
- August 1997 – May 1999
SWAT (Saved With A Testimony)
Touring puppeteer and choir group led by Becky Moss from Walnut Ridge Baptist Church in Mansfield, TX.
- August 1998 – January 2002
Volunteer for Mission Arlington
Program led by Walnut Ridge Baptist Church in Mansfield, TX. Volunteer program for various jobs throughout the year at Mission Arlington. Jobs included handing out food to the homeless or underprivileged, making any repairs needed for the temporary housing for the homeless, collecting clothes for the homeless shelter resale/donation shop, etc.
- January 2000 – May 2000
Asst. Sunday School Teacher
Program administered by Fielder Road Baptist Church in Arlington, TX. Program designed to teach the Bible to young children in underprivileged communities. Involved going to underprivileged apartment communities and conducting Sunday school every Sunday and Wednesday in the

clubhouses or a volunteer's apartment for the children in the community (or their friends).

- January 2004 – May 2004

Little Jacks

Volunteer mentor group led by "The Little Jacks" from Stephen F. Austin State University. Group designed to mentor to a elementary aged child. I was one of 3 working with the East Texas Women's Shelter and mentoring a family of 3 children living in a secured women's shelter.

Research Interests/Activities

- My research interest lie in sexual relations of adolescents & young adults, sleep research, & mental health (whether mental retardation or mental illness).

Research Experience

- August 13, 2006

University of North Texas

Will be presenting my research at the 2006 August American Psychological Association Convention in New Orleans, LA. (*Psychosocial factors associated with the self-efficacy of managing HIV/AIDS*. Chelsea Moss & Mark Vosvick, Ph.D.)

- March 2005 – Present

University of North Texas

Research asst. to Mark Vosvick, PhD., in the Center for Psychosocial Health. Investigating psychosocial correlates of HIV. Current projects involved in include: Images, Growing Up Positive, & Barriers.

- August 2005 – Present

University of North Texas

Research assistant to Sander Martin, PhD., working with the Tarrant County MHMR Center. Consultant for mentally-ill or mentally-challenged individuals helping them get involved in society, working on social, familial, & mental difficulties, finding interest groups to become involved in, making

friends/contacts, & generally just getting them out of the house and more involved in every-day society.
