

VITA

Kimberly S. Kelly, Ph.D.

Department of Psychology
P.O. Box 13587
Denton, TX. 76203-3587
(940) 565-4719

EDUCATION

<u>Year</u>	<u>Degree</u>	<u>Major</u>	<u>Institution</u>
1988	Ph.D.	Experimental Psychology	University of Kentucky
1985	M.S.	Experimental Psychology	University of Kentucky
1982	B.S.	Psychology	University of Kentucky
1979	A.S.	Biology	Elizabethtown Community College

PROFESSIONAL EXPERIENCE

<u>Begin-End</u>	<u>Position</u>	<u>Organization</u>	<u>Location</u>
1998 - present	Associate Professor	Department of Psychology University of North Texas	Denton, TX
1991-1998	Assistant Professor	Department of Psychology University of North Texas	Denton, TX
1988-1991	Postdoctoral Fellow	Strong Memorial Hosp. Department of Behavioral Medicine	Rochester, NY

PROFESSIONAL ACTIVITIES

Organizations:

American Association for the Advancement of Science
New York Academy of Sciences
International Society of Psychoneuroendocrinology
Psychoneuroimmunological Research Society

Other Activities:

Journal reviewer for Brain, Behavior, and Immunity
Journal reviewer for Basic and Applied Social Psychology

Honors:

American Business Womens' Association Scholarship 1984-1986
APA Dissertation Research Award 1988
NIA Summer Institute on Aging 1992 selected participant

Areas of Expertise:

Psychoneuroimmunology
Physiological Psychology
Experimental Psychology

Department/Division Committees and Councils:

1992-present	Coordinator of the departmental research subject pool
1991-present	Behavioral Medicine committee member
1991-1992	Behavioral Medicine curriculum committee chair
1991-present	Experimental psychology committee member
1992-1995	Undergraduate committee member
1997-1999	Undergraduate committee member
1992-present	Core faculty committee for the proposed Neuroscience program
August 1992	Admissions committee member for the proposed Neuroscience program
1993 - present	University Animal Use and Care Committee
1994 - present	University Student Housing Appeals Committee
1994 - 1996	Executive Committee member
1998-1999	Personnel Affairs Committee member
	Undergraduate Committee member
1999-2000	Promotion and Tenure Committee member
2000 – present	Director, Experimental Psychology
2000 – present	Graduate committee member
2000-2001	Promotion and Tenure committee member
2000-2002	Executive committee member

GRANTS AND CONTRACTS

<u>Year</u>	<u>Title</u>	<u>Agency</u>	<u>Amount</u>
1991	The effects of long-term stress on the reactivity of immune cells to beta-adrenergic agonists.	Faculty Research Grant Committee, Office of Research and Academic Grants	\$3000.00
1991	Biopsychosocial Measures of Alzheimer's Patients and Caregivers.	Texas Institute for Research and Education on Aging	\$6000.00
1991	(No title) Project to set up a research laboratory	Junior Faculty Research Award, University of North Texas	\$3500.00
1993	Biological Correlates of Self-reported Stress	Office of Research and Academic Grants	\$300.00
1994	Social Support as a Mediator of Stress	Faculty Research Grant Committee, Office of Research and Academic Grants	\$2700.00
1994	Effects of Experimental Psychological Stress on Human Immunological Functioning	Faculty Research Grant Committee, Office of Research and Academic Grants	\$750.00
1994	The Impact of Stress Inoculation on Multiple Indicators of Anxiety in Older Adults (P.I. B. Hayslip, Jr.)	Faculty Research Grant Committee, Office of Research and Academic Grants	\$3800.00

GRANTS AND CONTRACTS (cont.):

1995	Social Support in Chronic Fatigue Syndrome	Faculty Research Grant Committee, Office of Research	\$1800.00
------	--	--	-----------

	and Academic Grants	
1996 The Impact of Stress Inoculation on Levels Of Anxiety Linked to Everyday Living Skills Among Older Adults	Faculty Research Grant Committee, Office of Research and Academic Grants	\$2700.00
1997 Cognitive Appraisal, Coping Style, and Physiological Response To Stress	Faculty Research Grant Committee, Office of Research and Academic Grants	\$3500.00
1998 Defensive Driving as a Stressor	Faculty Research Grant Committee, Office of Research and Academic Grants	\$1195.00
2000 Psychological Hardiness and Physiological Markers of Acute Stress	Faculty Research Grant Committee, Office of Research and Academic Grants	\$5000.00
2002 Gender Differences in the Stress Response	Faculty Research Grant Committee, Office of Research And Academic Grants	\$2200.00

Titus, M.J., Kelly, K.S., Miller, J.S., McCoy, D.F., & Roszman, T.L. (1985). Behavioral

conditioning of immunosuppression. Paper presented at the Autumn Immunology Conference.

Miller, J.S., McCoy, D.F., Kelly, K.S., & Bardo, M.T. (1984). Potentiation of the aversive, but not reinforcing properties of morphine using a compound conditioned stimulus. Paper presented at the 14th annual meeting of Neuroscience, Anaheim, CA.

Miller, J.S., McCoy, D.F., Wheary, A.C., & Kelly, K.S. (1984). Control of feature-positive responding by conditional stimuli. Paper presented at the 54th annual meeting of the Eastern Psychological Association, Baltimore, MD.

McCoy, D.F., Serwatka, J.J., Miller, J.S., & Kelly, K.S. (1984). Inhibitory control in feature-negative discrimination learning. Paper presented at the 54th annual meeting of the Eastern Psychological Association, Baltimore, MD.

INVITED PRESENTATIONS:

Psychoneuroimmunology. Invited presentation at the XVI Semana de Psicología (16th Seminar in Psychology) in Guadalajara, Mexico, October 3-9, 1991.

Classical conditioning of immune responses. Invited presentation at Texas Women's University, April 1993.

Psychoneuroimmunology. Invited presentation at Texas College of Osteopathic Medicine, July 1993.

Round table discussant on psychoneuroimmunology at the Southwestern Psychological Association meeting in Albuquerque, NM, April, 1999.

Issues and challenges in teaching psychoneuroimmunology: Masters and Ph.D. level psychology students. Invited presentation at the Psychoneuroimmunology Research Society meeting, Cape Fear, NC, May 2000.

Kimberly S. Kelly, Ph.D.
