GRAD SCHOOL PREVIEW

March 21, 2026

Event Schedule

Welcome Session

Meet the Graduate Admissions Team for brief remarks and an overview of graduate school at UNT. Topics covered include admission requirements, application procedures, funding options, timelines and more.

Location: *Business Leadership Building (BLB), 080*

Breakout Sessions

Join faculty and staff from some of UNT's premiere graduate programs to learn more about degree requirements, departmental scholarships, research and more.

Location: BLB Classrooms

(See pages 2-3)

Application Station

Apply on-site today for Summer 2026, Fall 2026 or Spring 2027 admission to receive a waiver of the application fee! Applicants to all graduate programs are welcome.

Location: BLB 170

(Note: Event fee waivers cannot be applied to apps submitted before event day.)

On the Spot Admissions

The G. Brint Ryan College of Business, College of Information, Data and Analytics & Statistics from the College of Science are offering on-the-spot reviews of transcripts, resumes, CVs, statements of purpose and test scores for admissions review. Master's applicants only.

Location: Check In at BLB 170

Academic & Resource Meet and Greet

Meet with graduate advisors and faculty members from a wide array of colleges and academic departments to get your individual questions answered.

Location: BLB Atrium

Graduate Campus Tour

Enjoy a guided walking tour of campus highlights led by Mari, a current UNT graduate student and Eagle Ambassador!

Location: Welcome Center

Complimentary Lunch

Enjoy a free boxed lunch from UNT's Verde Catering dining team.

Location: BLB 180

9 - 9:45 a.m.
BREAKOUT SESSION #1

BLB 080 - **Your Path to Graduate School at UNT |** *Graduate Admissions*
Thinking about graduate school but not sure where to start? This interactive session will guide you through the graduate school journey, from exploring programs and understanding degree options to learning how to fund your education and submit a strong application. Whether you already have a program in mind or are just beginning to explore your options, this session will provide practical tips, resources, and next steps to help you move forward with confidence.

10 - 10:45 a.m.
BREAKOUT SESSION #2

BLB 010 - **Biological Sciences |** *College of Science*
Learn about graduate study in Biological Sciences at UNT, including research opportunities, faculty expertise, and program pathways. Faculty and staff will also share tips for applying, funding opportunities, and career paths in the biological sciences.

BLB 015 - **MS in Rehabilitation Counseling |** *College of Public Affairs and Health Sciences*
Explore UNT's MS in Rehabilitation Counseling and how the program prepares students to support individuals with disabilities in achieving personal and career goals. Learn about curriculum, licensure pathways, and what makes a strong application for this impactful profession.

BLB 055 - **Master's in Information Science, Library Science & Certification |** *College of Information*
Discover graduate programs in Information Science and Library Science, including certification pathways and diverse career options. This session will highlight program structure, professional outcomes, and how to prepare a competitive application.

BLB 080 - **Graduate Student Panel: Life at UNT Graduate School |** *Graduate Admissions*
Hear directly from current UNT graduate students and alumni about their academic experiences, campus life, and strategies for success in graduate school. Bring your questions and learn what students wish they knew before applying and starting their programs.

BLB 155 - **Data Analytics and Statistics Program Overview |** *College of Science*
Explore UNT's graduate programs in Data Analytics and Statistics and how they build advanced quantitative and analytical skills. Learn about curriculum highlights, career pathways, and tips for applying to these in-demand programs.

11 - 11:45 a.m.
BREAKOUT SESSION #3

Continue onto the next page for more sessions.

BLB 005 - **Real World Skill Acquisition in Writing, Research and Analytics |**
Mayborn Graduate Institute of Journalism
Learn how the Mayborn Graduate Institute prepares students with practical skills in writing, research, storytelling, and analytics. This session will highlight program experiences, professional opportunities, and how graduates apply these skills in media and communication careers.

BLB 010 - **Graduate Programs in Curriculum and Instructions and Education Leadership |**
College of Education
Explore graduate degree options in Curriculum & Instruction and Educational Leadership designed for educators seeking to expand their impact. Faculty will discuss program pathways, leadership preparation, and how to apply and advance your career in education.

11 - 11:45 a.m.
BREAKOUT SESSION #3

BLB 015 - **Resources for Graduate Students |** *Graduate Studies and Student Research Team*
Discover the many resources available to support graduate student success at UNT. Learn about funding opportunities, research support, professional development, and services that help graduate students thrive academically and professionally.

BLB 055 - **Master's In Data Science, Learning Technologies, Health Informatics & Linguistics |** *College of Information*
Learn about several interdisciplinary master's programs within the College of Information, including Data Science, Learning Technologies, Health Informatics, and Linguistics. This session will highlight program focus areas, career pathways, and guidance for selecting and applying to the right program.

BLB 070 - **Counseling Program Information Session |** *Department of Counseling*
Explore UNT's graduate counseling programs and how they prepare students for meaningful careers in mental health, school counseling, and related fields. Faculty will review program structure, licensure pathways, and what prospective students should know before applying.

BLB 090 - **College of Engineering Session** | *College of Engineering*
Learn about graduate programs within UNT's College of Engineering and how they prepare students for innovation and leadership in technical fields. Faculty and staff will discuss research opportunities, admissions expectations, and how to position yourself for success in engineering graduate study.

BLB 155 - **Data Analytics and Statistics Program Overview |** *College of Science*
Explore UNT's graduate programs in Data Analytics and Statistics and how they build advanced quantitative and analytical skills. Learn about curriculum highlights, career pathways, and tips for applying to these in-demand programs.

BLB 170 - **Soar With Us: MBA and MS Programs in the G. Brint Ryan College of Business |** *College of Business*
Learn about the MBA and specialized master's programs offered through UNT's G. Brint Ryan College of Business. This session will cover program formats, career outcomes, and how these degrees can accelerate your leadership and career advancement.
